Fiber Powered Network

1106 Beek Street, PO Box 475, Gowrie, Iowa 50543 ★ Phone: 515-352-3151 ★ [www.wccta.com](http://www.wccta.com) ★ [www.wccta.net](http://www.wccta.net)

## WCDTV

Webster-Calhoun is looking for members in both city and rural areas of Gowrie, Farnhamville, Paton and Churdan that are interested in our new Webster-Calhoun Digital Television fiber signal. Basic service starts at \$39.99 with an installation fee of \$99.00 that includes two televisions. Please contact our office at 352-3151 for more information regarding packages and installation fees.

**Why start here?** These are areas that Webster-Calhoun is currently franchised to provide Cable TV service to. WCCTA will eventually expand services to all city and rural service areas.

Webster-Calhoun is also focusing heavily on Fiber to the Home installations in Badger and Clare which is spreading our staff out pretty thin. With help from Kross Country Cable Construction and Telcom Construction we're hoping to get as many Fiber and television customers cut over as possible during the remainder of 2010.

## Online Account Access

Cut down on paperwork and save on postage by managing and paying your Webster-Calhoun bill online. With **e-Bill**, you can view electronic versions of your current and past statements anytime, check your payment history, and see service details.

Go Green! One option includes receiving an **e-mail notification** instead of receiving a paper billing invoice.

Pay your Webster-Calhoun bill by signing up for **Direct Payment** using the bank account of your choice. No more looking for a stamp or worrying about payments arriving late. Payments are automatically made on the 17<sup>th</sup> of each month.

Visit [www.wccta.net](http://www.wccta.net) and click on Online Billing to sign up today!

**TotalTech** Virtual Computer Repair: 888-723-4932

**Iowa One Call:** Call Before You Dig! 800-292-8989

Think about all the files that are on your computer. Photos of kids, family or fond memories, songs and music that have been collected over the years, work documents and important e-mail messages, financial data for family budgets, taxes and home office use. The list is endless. All these files are stored on your hard drive. Imagine if all the files disappeared tomorrow!!

**With Online Backup Webster-Calhoun can help you safeguard the things that matter to you the most, so you never lose an important file again.**

For \$5.95 per month, Online Backup can be used with multiple computers for a total of 50GB of storage. Install Online Backup on any number of Windows and MAC computers including Windows XP, Vista and MAC OS 10.5. (An Internet connection is required.) To sign up for Online Backup contact Webster-Calhoun today at 352-3151. You'll receive a software license key plus 24/7 help and support to help you "set it and forget it." Then your files are in a safe place when you need them!

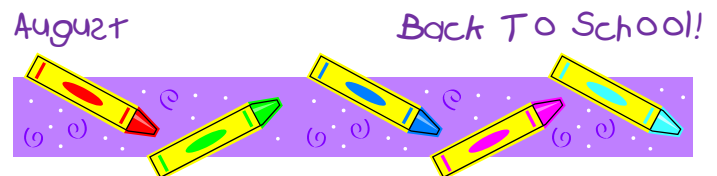

External Hard Drives are another great option to backup data from your computers or perhaps store certain files. It can also be affected just like your computer if you have an electrical surge, flooding, or physical damage. Online Backup can also back up information from external hard drives to keep your information off site for added protection.

## Power supply for Fiber to the Home

Fiber technology is powered at the customer's premise. An additional box installed inside your home or business powers the NID (Network Interface Device) box on the outside of the building.

*This must always be plugged into an electrical outlet to continually provide power to your telephone network. It also contains an industry standard back-up battery in case of a power outage.*

In the event your power goes out, the battery will allow your telephone to work. How long the battery will last is determined by your usage (incoming and outgoing calls.) To conserve power while using the battery, high-speed Internet is disabled.

This year Webster-Calhoun is "In Step" with members and with the help of **Steppin' Xpress** cloggers WCCTA sponsored this entry in the Gowrie Independence Day Parade! Thanks Ladies!

Office staff at Webster-Calhoun are contacting subscribers in the **Badger and Clare** areas to schedule cut-overs to the new Fiber to the Home network!
